

K. K. K. SECRETARY OUSTED BY CLARKE

Wizard Pro Tom Dismisses Imperial "Kligrapp" as Measure of Economy

HENCHMAN NOW DICTATOR

Atlanta, Ga., June 27.—The ambition of Edward Young Clarke to be the undisputed dictator of the Knights of the Ku Klux Klan has been realized. It was learned here yesterday, as a consequence of Clarke's dismissal of the Imperial Kligrapp (for secretary) of the Invisible Empire, Louis David Wade, and having assumed the title Vice Wizard and Imperial Wizard pro tem., Clarke removed the only other obstruction to his desire for complete autocratic power over the masked empire when he ousted Wade, who has been Kligrapp for three years, out of the Imperial Palace on Peachtree road. Wade has been known as the closest friend of Col. Simmons at the palace. Clarke gives economy as the reason for firing Wade. The latter tells another story.

According to Wade, Clarke is now not only supreme in all matters of policy, organization and management, but also has managed to obtain complete control of the Ku Klux finances by setting up a Finance Committee (which Wade says is known in the Imperial Palace as the "wrecking crew") composed of men who owe their jobs to Clarke. According to Wade, one of the members of the committee is under bond.

Wade in a statement yesterday said the committee includes one imperial officer not named; the Klan's chief bookkeeper, a man named F. J. Furry, and Clarke's Chief of Staff, who, although not named in the statement, is understood to be Fred L. Savage, former New York cop and strikebreaking detective, whom Clarke and Mrs. Elizabeth Tyler brought to Atlanta to organize a Klan detective bureau last year and whom Clarke appointed Chief of Operations, second in command of the empire, May 1.

Wade declares also that Clarke and Savage so manipulated the recent Ku Klux Convention and sessions of the Imperial Officers that Clarke is now in possession of power to discharge any imperial officer he dislikes.

Wade's statement says that conditions in the Imperial Palace are such that it is "impossible for me to continue on under the same and keep any self-respect."

TEUTONS MAY BUILD UNDERSEA TUNNEL

French Have Plan for Making Them Toll Under English Channel

Paris, June 27.—(By A. P.)—A huge war reparations plan under which the Germans would reconstruct France and also build the long-planned tunnel under the English Channel has been submitted by the Minister of Public Works, M. L. Trochu, to Premier Poincaré, who has laid it before the French member of the Reparations Commission. The plan involves the use of German labor and materials to the extent of twenty billions of francs.

The newspapers assert that if Germany is able to carry on the construction of railways and telegraph lines at home she is able to reconstruct the war-torn areas in France.

HOLDING WARNS OF PERIL IN CONSTITUTION TINKERING

State Farms Instead of Jails Are Advocated Before State Bar

Bedford Springs, Pa., June 27.—The twenty-eighth annual meeting of the Pennsylvania Bar Association was opened today with the address of the president, Colonel A. M. Holding, of West Chester, whose subject was "Perils to Be Apprehended From Tinkering With the Constitution."

The particular "peril" upon which the speaker was the precedent set up by the adoption and sustaining of the prohibition amendment. To his mind, without speaking of the merits of the provision of that amendment, its enactment upon the Constitution was a "danger signal which every intelligent and patriotic citizen, and certainly every lawyer, should observe."

Elimination of technicalities in criminal trials and abolition of county jails and establishments in their place of State farms were recommended in a report by the Committee on Criminal Law.

The report also criticized newspapers for publishing details of crimes, which it declares "in many quarters after these details are published."

Men and women more than seventy years of age should not be called for jury service, and a bill barring them from the service has been drawn by the committee which was named.

The speaker made a survey of the jury systems throughout the State, which will be presented at the next session of the Legislature.

After-Dinner Tricks

No. 199—Naming Selected Card

A pack of cards is divided in half. The performer keeps one-half and asks someone to pull a card from the other half, look at it and place it in the performer's hand. The performer shuffles his cards, but upon glancing through them, immediately discovers the chosen card.

The pack was previously sorted into two heaps, one containing all the red cards, the other the black. The performer kept the reds and gave the spectators the reds. Thus he can immediately find the card placed in his hand of the pack. On no account should the audience be allowed to see all the faces of either half of the pack.

Ford Coupe

Excellent condition; leather top; demountable wheels, etc. Price \$225.00. See Mr. Morris.

Store Hours, 9 A. M. to 5 P. M.

For Wednesday Helping on the Holidays by very decided savings on the very things you need.
